  - Custom:** Striations for added rigidity.
  - Custom:** Clip Relief for added rigidity.

**NOTE:** Some custom options are not mutually compatible and may require additional lead time.

## ABSeam Panel Standard (ABScC)

### Why Fluoropon®?

For over 50 years, panels using Sherwin-Williams' Fluoropon® coatings (made with 70% Kynar®500 / Hylar®5000 resins) have helped protect commercial, industrial, and residential buildings around the world. This high-performance fluoropolymer (PVDF) resin, with its extraordinary capability to retain color and gloss, keeps coated metal looking vibrant and appealing for decades to come.
