Heritage Panel Profile

Heritage Panel

Want the look similar to Standing Seam roof for half the cost?
Get a classic look with this exposed fastener roof panel!

Faster and easier to install than Standing Seam, it's a smart choice
for an affordable, classic look. Just screw down and your done.

Why Choose Textured?

Property owners like textured panels because the it redirects sunlight for less glare than smooth panels. Plus the textured panels are less prone to "oil canning" which makes for a more attractive panel. Contractors like it because the texture provides more grip during installation than smooth panels. Because the textured coating is baked into the finish at the factory, our textured colors carry the same 40-year film integrity warranty as our smooth colors.
